

Children's programming

The staff of the Dodgeville Public Library offers children's programs for children of different ages. Our preschool programs are designed to introduce your child to the magic and wonder of books.

Storytimes are developed through a multimedia approach incorporating books, flannel board presentations, music, Fingerplays, crafts, filmstrips, and puppets. Storytime is an enjoyable experience that will lead to a love of books and continued use of the Library.

Other programming is also offered to help promote children to enjoy the Library and be lifelong readers.

Other programs are offered during the year!

Please look for upcoming programs at the Library.

Most importantly—please ask a staff member for any help you need in making your Library visit a successful one!

**Drop-In program
Monday mornings
@ 10:15**

An introduction to Storytime for children birth and up. This interactive program includes stories, songs, fingerplays, and crafts. The program is meant to be experienced with an adult caregiver.

The program is provided in partnership with the Dodgeville Public Library and a volunteer. Programs are executed by a library volunteer.

A Bilingual Storytime is offered the third Monday of each month. This program is done in partnership with a volunteer and students from the Dodgeville High School when school is in session.

**Preschool Registered
Storytime**

Join us for a fun program of stories and crafts for your 2 1/2–5 year old preschooler. Activities are geared toward children of that age group.

This is a independent Storytime experience. Sorry, no younger or older siblings included.

What do we do?

This 30 minute registered program offers: books, songs, prop-stories, draw & tell stories, games, fingerplays, projects and more!

When is this program?

February–April

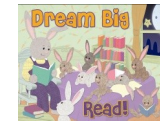

When is registration?

January.

Ask Children’s Librarian for more information.

2012 Summer Library Programs

Children’s Performer Festival

@ Harris Park-Ley Memorial Pavilion
June–July , 2012
No registration required.

Children’s Summer Reading Club

Program offered June–August.
Ages 3–12

Reading can be compared to art: the more you draw, the better an artist you’ll become. Likewise, the more you read, the better a reader you’ll be. Most importantly, a child who is routinely read to is much more *likely* to become a reader than a child who isn’t read to. During our summer reading club many local area merchants donate prizes as incentives for the children. The most important incentive, however, is found on the pages of thousands of books, and that is the pure joy that comes from reading. Visit or call the Dodgeville Public Library to find out more about these programs.

Let’s Create Workshops

Thursday mornings
8-12 year olds
June–August

Watch for more information about our 2012 summer programs: “Dream Big–Read!”
