

A library kid uses the Dewey Decimal System to search for subjects such as **Birds, Dinosaurs, Space Flight, Jokes & Riddles, or Pirates.**

- Every subject on the list that follows has a number after it. That number is like an address. It tells you where the books are on the shelves.
 - If there's a subject you can't find, or you need more information, ask a library staff member to help you.
-

A

AIRPLANES - +629.13
